

# DOORRESTORE™

## PROTECT & RESTORE

DooRestore will restore sun-damaged paint, simulated wood, fiberglass, acrylics, plastics and metal, while also protecting with our UV block additive. Use on Entry Doors, Metal Lights, Shutters, Signs and more.

### Affordable

Less expensive than painting or replacement doors. With our Basic DooRestore Kit, you can restore a typical 2-car garage for under \$30 BUCKS!

### Fast & Easy

A straightforward DIY restoration solution and process with little to no downtime.

### More than Doors

Use on Entry Doors, Metal Lights, Shutters, Signs and more. Restore a variety of items around your home or office.

### Long-term Solution

Restores original color and gives surfaces UV block protection for lasting restoration results.

### Eco-Friendly

Meets all California regulations and is an environmental friendly solution.
